ABOUT OUR INSTITUTE:

INDIAN INSTITUTE FOR MEDICAL TECHNOLOGY (IIMT) is an NGO formed in the year 2005 and registered under The West Bengal Societies Registration Act of 1961. It is a non-profit making organization and is engaged in activities of Health-related training and education. IIMT obtained NOC from Department of Health & Family Welfare, Govt. of West Bengal and The West Bengal University of Health Sciences to start its journey in the field of training doctors for upgradation of their skills and knowledge in medicine and medical technology, generally used in Intensive Care Units of both public and private sectors.

ACHIEVEMENTS OF OUR INSTITUTE:

1. We are one of the pioneers in our country to conduct training for doctors. **Training is in modules of modern therapeutic medical technology as applied in critical care settings.** The West Bengal University of Health Sciences recommended this course for doctors who are working or interested to work in critical care units.
2. **Various senior faculties from public medical colleges are our students who upgraded their skills and knowledge in the field of Critical Care Units.**
3. As of now 105 doctors have successfully gone through our three month's certificate courses in 9 batches since 2005.
